602 Highbury Ln
Geneva, IL 60134-1069

Dear Michael Salmon,

We want to update you on some important and positive changes underway at the new AT&T that may require you to take some action. As you may know, in November 2005, AT&T Corp. and SBC Communications Inc. joined together to form what is today the new AT&T. As a result of this merger, local services for residential customers will be provided by AT&T Illinois, one of the AT&T family of companies. In an effort to pass the full benefits of this union on to our customers, we are integrating the best of our combined services to provide you with an opportunity to take advantage of exciting new products and services.

Beginning March 23, 2007, your **local residential telephone service provider, a pre-merger AT&T operating company** will stop offering local residential telephone service in Illinois. You will need to make a choice as to your new service. This transition means you have three options to consider:

- **Call AT&T Illinois to select your new plan** – Take this opportunity to contact an AT&T Illinois customer care representative who stands ready to answer your questions, assess your current calling plan, and recommend a new plan based on your communications and entertainment needs. Let us tell you how our customized bundles may save you money and simplify your life. Simply call toll free 1-866-746-4717 and reference program code BB by March 15, 2007. There are no costs associated with transferring your local service to AT&T Illinois.

For your convenience, we have enclosed a list of current AT&T services, applicable rates, terms and conditions. You may be eligible for some customized bundled packages that can include your voice and entertainment needs as well as wireless phone service, AT&T Yahoo! High Speed Internet and DISH Network. Best of all, by bundling your services, you may qualify for even greater savings. We also invite you to visit our website, att.com, to view available products and services in your area before calling AT&T Illinois for your free, personal consultation.

- **You always have the right to select another local telephone service provider** – You are a valued customer and we sincerely hope you will continue to remain with the AT&T family, but you do have the option of selecting another local telephone service provider. If you select another provider, that carrier will be able to provide you with a list of their services and charges. They can also tell you if there are any charges associated with moving to their service. A listing of available local service providers may be found in your AT&T White Pages Directory. If you do want to select another service provider, you should make that selection before March 15, 2007, to avoid automatic transfer of your account to AT&T Illinois.
- **If you do not choose a new provider, your local service will be automatically transferred to AT&T Illinois** – You can decide to take no action, in which case we will transfer your local service automatically to AT&T Illinois during a transition period from March 23 through April 7, 2007. We will transfer you to an AT&T Illinois service plan that is most comparable to your current telephone service plan. In most cases, upon transfer, your monthly recurring charges will automatically be equal to or less than what you pay now. In cases where your monthly charges would be higher, you will receive a special transition discount so that you do not see an increase over what you pay now. This special discount will end on or after December 31, 2007. The AT&T Illinois service plan may also include features or services not included in your current plan. Once you receive your bill, if you have any questions about what's included in your service plan, just contact us at the number provided on the bill. There are no costs associated with this transfer to AT&T Illinois.

Important Information:

- **Long Distance Service**

If you select a new local service provider, you should contact your current long distance provider to ensure there is no change to your long distance calling plan. Not doing so may result in a change in the rates applied to your long distance calls.

- **Billing, Payments and Refunds**

Once your service has been transitioned to **AT&T Illinois or another carrier**, you will receive a final bill from your previous local provider, AT&T Communications of Illinois, Inc. Please return your final payment via the remittance document provided in your bill. Failure to pay your telephone bill may result in your account being referred to a collection agency.

If you currently have a deposit for your local or long distance service, you will receive a refund of the deposit, including applicable interest, minus any amount due on your account when service is transferred. If a refund is due to you, you should receive it within four to six weeks after receipt of your final bill.

Additional information if you are automatically transferred to, or choose AT&T Illinois:

- **AT&T long distance customers**

As an AT&T Illinois local customer who retains AT&T long distance, you will automatically be enrolled in the AT&T Unlimited Local Toll Calling plan, which has an \$11.95 monthly recurring charge and provides unlimited intralata local toll calling, 24 hours per day 7 days a week. We appreciate your business and look forward to continuing to serve you.

- **Frozen or blocked accounts**

You will be transferred automatically to AT&T Illinois unless an alternate local provider selection is made. Contact AT&T Illinois toll free at 1-866-746-4717 if you would like to re-establish a freeze/block for your account after the transition period.

- **Reprogramming of calling features**

Once the transition to AT&T Illinois has been established, you will need to reprogram your Call Forwarding and other features.

- **Update banking/bill payment information**

If you currently make payments via your bank, on-line bill pay, or credit card, please update your records to reflect your new AT&T Illinois account information. This will ensure proper payment. Your new billing account information will be your **10 digit billing telephone number plus a three digit customer code** that will appear on your new AT&T Illinois bill.

- **Questions about new service**

If you have any questions regarding your new service(s), contact AT&T Illinois toll free at 1-866-746-4717 and reference program code BB (7:00am – 8:00pm, Monday-Friday; 7:00 – 5:30pm Saturday).

If at any time you have questions regarding this transition or any other outstanding complaints, or you want to know how you can take advantage of AT&T's new suite of products and services, we invite you to contact AT&T Illinois toll free at 1-866-746-4717 and reference program code BB (7:00am – 8:00pm Monday-Friday; 7:00 – 5:30pm Saturday). If you have questions regarding your final bill or your existing service please contact the AT&T Customer Care Center at 1-800-288-2747. We hope you will continue to be a part of our new AT&T family, and we look forward to serving you well into the future.

Sincerely,

Customer Care
AT&T Communications of Illinois, Inc.

RATES, TERMS AND CONDITIONS OF LOCAL SERVICE

Rate Conditions

Monthly rates for telephone line charges in the state of Illinois vary depending on the area in which you live. These rates are listed in the company's tariffs on file with the Illinois Commerce Commission. All rates and charges are subject to change. Not all basic line service types are available in all serving areas.

Basic Line Service

AT&T Illinois offers *Measured* line service. Rates are based on the number of telephone lines in a specific serving area and do not include taxes, surcharges, municipal fees or FCC approved line charge.

Measured service combines a monthly line rate with local usage charges. This service best serves customers who make few outgoing calls each month. Measured Service line rates range from \$3.55 to \$10.00 per month, depending on the service area. Outgoing local usage is charged on a per call basis.

(Measured service is unavailable in Beardstown, Burton, Cairo, Columbus, Forrest, Fowler, Liberty, Mound City, Mounds, Olive Branch, Payson, Quincy, South Beloit, Sterling, Tamms, Thebes and West Dana. If you reside in one of these communities, please contact the AT&T Illinois Customer Service Center toll free at 1-866-746-4717 for alternative services.)

Lifeline Telephone Service is also available and provides monthly assistance for low income residential households.

Optional Services

In addition to the basic line service, AT&T Illinois offers optional calling services. These services are also available in packages for cost savings. The monthly rates for some of these packages and optional services are enclosed with this letter. You also can contact the AT&T Illinois customer service center toll-free at 1-866-746-4717, or access our website at ATT.com, for more information on optional calling services, package availability and prices.

More information

You may find more information about AT&T services and your rights as a customer in the AT&T White Pages, which you will receive as a new AT&T Illinois customer. AT&T Illinois rates, terms and conditions will apply as of the date your services are transferred. You will be notified by mail of any changes.

AT&T Illinois

For your convenience, below is a chart that identifies the new AT&T local service plan to which you will be automatically transferred, if you make no selection. Just find your current service plan and it will show you the new AT&T service plan.
